

United Circles Webinar:

From Frameworks to Practice – Advancing Circular Solutions in Hubs

16th October 2026

[Link to the event](#)

The United Circles webinar, “From Frameworks to Practice: Advancing Circular Solutions in Hubs”, will explore how the frameworks developed within the projects are supporting the practical implementation of Industrial-Urban Symbiosis initiatives across Hubs4Circularity.

The webinar will introduce the key frameworks, their purpose, and their role in enabling circular solutions, followed by an update on how they are being implemented within the project. Two mirroring hubs will then showcase a real-world application of these frameworks, sharing practical experiences, challenges, and lessons learned.

AGENDA

5 min	Welcome and introduction	Roberta Nicastri (ECOW)
20 min	From Concept to Framework: Overview of the frameworks, their objectives, key components, and how they support the development of Industrial-Urban Symbiosis initiative	Roberta Nicastri (ECOW)
20 min	From Framework to Implementation: Update on the deployment of the frameworks across the demonstrator and mirroring hubs, including implementation progress and next steps	Clara Amaro (INM) Francisco Corona (CAR)
30 min	Frameworks in Practice: Mirroring hub case study showcasing how the frameworks are being applied to support hub development and implementation	Amalia Argyriadou (Eastern Macedonia & Thrace Mirroring Hub) David Greenfield (South-East England Mirroring Hub)
10 min	Questions and discussion	All speakers
5 min	Closing remarks and next steps	Moderator
